**Must Not Pollute Running Streams.**

Feeding slop to cattle must be so regulated by the distilleries that none of the pollution can run into a stream of even the smallest size, provided that creek finally reaches a river or other stream from which water is taken for drinking purposes. The State Board of Health has declared the running of pollution from cattle pens into a running stream a nuisance, and ordered its abatement.

Dr. H. S. Keller and Dr. John G. South, of Frankfort, members of the State Board of Health were appointed a committee to determine how long a time constitutes a "reasonable" time in which the rules of the State Board must be complied with. These two physicians will fix a time limit in which the distilleries must comply with the law.

Every distillery in the State, except those which are not feeding slop and a few which are feeding according to the health regulations, are affected by the order. The Kentucky Distilleries and Warehouse Company is fighting the order. The committee from the State Board will employ attorneys and take such steps as may be necessary to enforce the orders of the State Board.

**Blackburn May Enter Race.**

Among State politicians there is a rumor to the effect that ere long the Hon. Jo C. S. Blackburn will shy his color in the ring, as a candidate for the Democratic nomination for the United States Senate to succeed his former adversary, Senator Thomas H. Paynter.

While nothing has been heard from the Sage of Woodford upon this question the report that he will be a candidate is nevertheless prevalent in political circles and is gradually leaking out from private sources.

It is said that pressure has been brought upon him in the past few weeks to become a candidate, with the assurance that he would triumph in easy fashion over James Paynter and the other announced candidates.

Blackburn would be a factor in either primary or caucus, and his entry might serve to change the present status of things in the Senatorial affair.

Ex-Congressman Dave H. Smith, of Hodgenville, Larue county, is also mentioned as a probable candidate for the Senatorial honor. It has been known for some time that Mr. Smith has been considering the matter of becoming a candidate and it is expected his announcement will shortly be forthcoming.

**Announced Candidates for Democratic Nomination.**

The following is a complete list thus far of those who are announced candidates for Democratic nominations to various State officers at the coming election:

Governor—Jas. B. McCreary, of Madison county; Ben Johnson, of Nelson county; John K. Hendrick, of McCracken county; William Adams, of Harrison county; and W. O. Head, of Louisville.

Lieutenant Governor—Jas. P. Edwards, of Louisville.

Auditor—Ruby Lafoon, of Hopkins county; Henry S. Bosworth, of Fayette county; Frank P. Hager, of Boyle county.

Treasurer—Jas. C. Van Meter, of Lexington.

Attorney General—Walker C. Hall, of Covington; James Garnett, of Columbia; M. M. Logan, of Brownsville, and O. H. Pollard, of Jackson.

Superintendent of Public Instruction—Miss Nannie Catlett, of Princeton; Barksdale Hamlett, of Hopkinsville; L. C. Littrell, of Owenton, and W. E. Kubank, of Lexington.

Secretary of State—G. B. Likens, of Ohio county; Jas. E. Stone, of Breckinridge county, and J. F. Creel, of Pendleton county.

Clerk of Court of Appeals—Woodson May, of Somerset, and R. B. Green, of Frankfort.

Commissioner of Agriculture—T. J. Wyatt, of Logan county; B. F. Hill, of Owen county, and J. W. Newman, of Versailles.

**Weather Forecast for January.**

On the 12th changes to colder will prevail. From the 14th to the 19th a storm wave will be in transit in the different sections of the country till its force is exhausted in the East, reaching the Atlantic. The storm wave denotes a paroxysm of storms following each other during the period. Rain and snow will prevail in the different sections according to the temperature. A much intensified cold wave will follow the storm. On the 22nd, 23rd and 24th the weather will advance to warmer, resulting in clearness, then to rain and snow. This disturbed spell will lead to a prolonged period of very disagreeable weather reaching to the end of the month. A storm wave of much vigor will formulate in the southwest about the 24th or 25th of the month and be on transit to the 30th. This storm denotes the most intense storms of any of the month or the most destructive of the winter. Rain, snow and sleet, driven by a fierce wind from the northwest, equal to a blizzard, will prevail. Telegraph and telephone wires and poles in many places will suffer much from this storm, and also timber and shrubbery will be covered with ice in many places. The cold wave following the storm on or touching the 1st of February will reach far into the south.

**Fifty-Seven Lynchings Last Year.**

Only fifty-seven lynchings were recorded in the United States in 1910, a much smaller number than in almost any previous year in the last sixteen. In 1909 the total was seventy, and in 1908 it was sixty-five.

All but five of the fifty-seven cases of lynchings in 1910 were negroes, and ten of these cases were those in which the charge against the victim was the assault on white women or girls. In eleven of the remaining number the charge was attempted criminal assault. In the five cases of white men, four were for murder and the other aiding and abetting in a jail delivery.

Several of the cases in which negroes were lynched, were based upon the murder or alleged murder, of white women in which the question of assault is implied.

**Bank is Reorganized.**

At a meeting last week in Lexington of the old and new stockholders of the defunct bank of Kentucky a new organization was effected. A new Board of Directors was elected and officers chosen preparatory to reopening the bank. Altogether 744 shares of old stock were represented, indicating the reorganization movement was favored by a majority of the old stockholders. C. W. Bell, State Insurance Commissioner, was elected president and John B. Gorham secretary.

**Combs Resigns to Return Home.**

Leslie Combs has tendered his resignation to the President as Minister to Peru. For some time Mr. Combs has desired to relinquish his post and return to his home in Kentucky.

His resignation has been accepted, and will take effect upon the qualification of his successor, which probably will be late in April.

Mr. Combs has been in the diplomatic service since 1902, when he was appointed to Guatemala and Honduras. Four years later he was transferred to the post at Peru.

Minister Combs will be succeeded by Judge H. Clay Howard, of Paris, as Minister to Peru.

Knowledge is Power. Knowledge is power, but the man who said it first never found when he was seven miles from home that there was no more gasoline in the tank.

Why Business Lags. Gloomy Party—I bought a revolver from you yesterday. I wish you'd take it back. I've changed my mind. —Flegende Blaetter.

**Sample Helps Frail Women**

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this result indigestion, piles, weariness, etc., that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your drug-gist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cured them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 1550 Caldwell building, Monticello, Ill.

**The Tenderfoot Farmer**

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

All the talking we can do in favor of FOX RIDGE will not convince you of its superior

quality half so rapidly as a sample load.
